Dear Students, Parents, Guardians, and RB Community Members,

Welcome (or should I say “welcome back”) to the 2021-2022 in-person school year! I want to thank the Bulldog community for their continued support as we navigate our way through the pandemic and my eleventh year as the Superintendent of District 208.

The pride and tradition of RB’s extra-curricular programs would not be possible without the Board of Education for their support for the extensive list of offerings; the teachers, coaches, sponsors, and support staff who guide our students in these activities; and the parent volunteers and community members (taxpayers) for their dedication to RB and its students.

One of the multiple lessons we have learned from the pandemic is how important extracurriculars are to the development of students. Extra-curricular activities are an essential component of the overall high school experience. The life lessons that the students can learn by participating in extra-curricular activities go hand-in-hand with the rigorous academic programs at RB. As we transition back to a new normal, we enjoy watching the students compete and cheer and support one another. Take a moment to capture just how excited everyone is to be back on campus. RB plays a significant role in the community, and I want to thank everyone for the sacrifices you have made over the last year and a half as we had to adapt to running school during the pandemic. The return of students on campus full-time and the high school buzzing with the weekly activities, events, and school pride has raised my overall demeanor, so I can only imagine the positive impact it has on our students and their families. Please help us by doing your part; wear your mask when required, practice social distancing, and please get vaccinated.

Thank you to everyone for making RB one of the best high schools in the State of Illinois.

Go Bulldogs.

Greetings Parents/Guardians and Students,

Paws-Up! Woof, Woof, Woof! Welcome to the 2021-2022 school year!

Being a former coach, 3 sport athlete in high school and Rugby player in college, I have a deep understanding of what athletic participation can do for the improvement of an adolescent's life. Being involved in any sport brings structure and organization into the lives of students. Structure and organization are needed because many students have parents that work well into the evening and may be unsupervised for some time after school. Students involved in sports tend to do better academically than students not involved in any activity after school, according to the research. In addition, athletic participation facilitates the development of interpersonal skills, skills necessary for creating friendships and a professional network. While on a team, a student-athlete learns how to follow directives, share, lead, work with others to achieve a common goal, give and receive feedback, key experiences beneficial for student-athletes as they pursue colleges and careers. Lastly, being involved in athletics provides all students, parents, and community members the opportunity to come together, support and cheer on their Bulldogs!

While supporting the student-athletes, please show respect for all players, coaches, and spectators through positive encouragement, cheers, and recognition. The student-athletes have worked hard to prepare for every competition and we wish all of them the best of luck in any and all contests!

With high optimism for a fantastic athletic year,

Dr. Freytas

Hello Bulldog Fans!

The fresh start of a new school year is always exhilarating, and for the '21 - '22 school year it's been more meaningful than ever. Last year's adapted schedules and unpredictability instilled renewed appreciation among us all for the importance of athletic competitions, the treasured bonds with our teams, and the tangible energy experienced when we cheer for our student-athletes on the fields and courts of play. As we usher a return to our routine programming, I look forward to keeping the spirit of appreciation alive with every opportunity for our student-athletes. Their achievements are only possible with the leadership and dedication of our coaches, faculty, staff and volunteers.

No matter the team, the value of athletic participation remains with student-athletes for the rest of their lives. Their experiences result in discipline, confidence, leadership skills, and lifelong peer bonds. Additionally, they learn important life skills such as teamwork, commitment, and perseverance. These foundational outcomes serve our student-athletes for years, thus sustaining the legacy of excellence that we strive for at RBHS.

RBHS draws significant pride from our community, and that's why preserving and practicing high standards for sportsmanship and conduct is paramount to our athletic program. We thank all of you for encouraging our student-athletes to interact respectfully with both officials and opposing teams so that everyone can have fun and compete to their fullest potential.

Thank you for joining me in supporting our student-athletes and by serving as role models for why **IT'S GREAT TO BE A BULLDOG!**

GO BULLDOGS!

GO BULLDOGS!

RB PARENT SPORTS CLUB, INC.

It has been great supporting
our athletes all year!!

Thank you for the memories!

Please consider supporting
our Bulldog athletes next school year by placing
a SHOUTOUT or AD in the Fall 2022 booklet!
